

prison yielded up its arms without resisting. The railway between Volo and Larissa is being restored, the Greeks having torn up the rails during their flight on Sunday. Eleven large guns were captured by the Turks on their way to Volo and the war material in the town has fallen into their hands.

A later dispatch to the Times from Larissa says that the Turkish cavalry have taken up positions in the environs of Volo and are awaiting the arrival of infantry to occupy the town effectively. A majority of the Greeks have gone to Pinesus by sea. The railway is not yet working (Wednesday).

The Evening News this afternoon publishes a dispatch from Constantinople, dated to-day, saying that the Turkish cavalry occupied Volo yesterday evening. The Daily Mail publishes a dispatch from Larissa, dated Wednesday, which says: "A battle has been proceeding near Trikkika, upon which the Turks are fast advancing. They are superior in force, and hope to cut off the Greeks there. It is reported that they have already occupied Trikkika and Volo, but there is no official confirmation as to Volo. The inhabitants are returning rapidly, business is being resumed and confidence is restored. It is the general opinion that the war will continue all agree that the morale of the Greeks has been ruined by a shameful retreat, and that they are not likely hereafter to offer serious resistance."

According to the Athens correspondent of the Daily Mail, the presence of large numbers of reservists, without food or lodging, has caused a general fear of outbreak. As a result, fully half the shops in the city are closed. A disturbance took place to-day (Friday) in one of the churches when prayers were being offered for King George and the royal family.

VOLO, Thessaly, April 29.—A squadron of Greek warships has arrived here. LARISSA, April 28.—Delayed.—Volo has not yet been captured, but the town practically at the mercy of the Turks. The Greek tactics are difficult to understand. It is asked here why, if the Greeks intended to retire to Pharsalos when the Turks entered the plain, they did not destroy the telegraph lines, bridges and supplies, as well as unexploded magazines, and why they did not take the advantage instead of leaving here almost everything necessary for a great army. As they lost their heads, it is not thought likely that they will offer an effective resistance at Pharsalos to the victorious Turks, whose discipline and condition are splendid.

The people of Larissa are gradually returning. There is not the slightest disorder. No one is allowed in the streets at night without a permit. Immediately Volo is occupied by the Turks, Edhem Pasha will transport supplies here from that point. The Turkish transport service is excellent. We are now more than 90 miles from the base of Turkish supplies, yet there has not been the slightest fear.

ATHENS, April 30.—On the arrival of the Turkish troops at Larissa they found all the guns of the fortress intact and obtained possession of immense quantities of ammunition of all kinds," says the Associated Press correspondent. "The abandonment of such a strong position is incomprehensible. The news of the occupation of Volo by the Turkish forces is momentarily expected here."

"Eleven more Greek canons were found along the road south of Larissa. All quiet here. Two battalions of Turkish infantry are guarding the railroad station of Larissa, where I found the remains of the hospital stores which had been abandoned by the Greeks at the last moment."

"The inhabitants of Larissa, say the Greeks seized all the horses and carriages. The local newspaper men fled on foot. Many amusing scenes were witnessed in Larissa. I met an ugly Turkish soldier, unburned and dusty, solemnly parading the streets under a fine parasol which he had picked up on the road. Looting is strictly forbidden. The Turkish authorities in this matter are even too severe."

"Some of the Evzones still remain hidden, and the same is the case with some of the Greek officers. All of the officers who are made prisoners are paroled."

POWERS WILL NOT INTERFERE UNTIL A FINAL DEFEAT.

LONDON, April 30.—It is announced semi-officially that there is reason to believe that European intervention between Turkey and Greece in the present position of affairs is regarded as wholly impracticable, both Greece and Turkey having resolved to continue the war. The Powers are thus obliged to stand aside until one of the combatants is finally defeated.

The Athens correspondent of the Daily Chronicle, Henry Norman, says the report is current there this (Friday) evening that France has proposed to the other Powers a suspension of hostilities and the summoning of a congress at which the rectification of the Greek frontier on the basis of the treaty of Berlin might be considered.

The Daily News will publish to-morrow a dispatch from Vienna which says that the Powers do not approve Turkey's continued preparations for war. It is believed that Turkey fears the intervention of Europe on behalf of Greece and also suspects the attitude of the Balkan states, despite their peaceful assurances.

GREEKS RETREATING IN EPIRUS.

ATHENS, April 30.—The Greek forces which have been operating in Epirus against the Turks are retreating. They are abandoning all their positions except Salazara. Philippiada is among the places evacuated.

CONSTANTINOPLE, April 30.—A dispatch received here from the Turkish military commander at Janina announces that Mustafa Pasha's brigade yesterday occupied the heights commanding Nicheste and Kervassari, beyond Ponte Pogadia, whereupon the Greek troops in that neighborhood retired. The report that Osman Pasha is on his way to Janina with 30,000 additional Turkish troops is confirmed.

PANIC IN ARTA—BAD FOR GREEKS EAST AND WEST.

LONDON, April 30.—The Times correspondent at Athens will say to-morrow: "The storm which threatened to break seems to have passed away. The new cabinet contains several men of excellent talent, and the selection is generally well received. Nevertheless, angry mutterings are still heard, and the sky may soon redarken."

"The newspapers say that a strong Turkish force from Janina, co-operating with the Turkish garrison at Ponte Pogadia, attacked Greek positions there on Thursday, and that the Greeks, after an obstinate resistance, were compelled to retreat to Arta. Two companies fell into disorder, and, on arriving at Arta, threw the town into a state of panic. The inhabitants fled, terror-stricken."

"No dispatches have been received from Arta since noon to-day (Friday). It is believed that the sudden advance of the Turks in Epirus is due to the apprehension that the Powers will soon insist upon an armistice, in which case the Greeks might be allowed to retain the positions captured in Epirus."

"The news from Thessaly, also, is unfavorable. Fighting at Velostino was resumed this morning. The Greek right repelled vigorously cavalry charges; but their left, though supported by reinforcements under Colonel Marromicidis, was compelled to retire. It is feared that their position at Pharsalos will be outflanked, thus compelling a retreat to Domokos."

BLOCKADE OF CRETE PARTIALLY RAISED.

PARIS, April 30.—La Patrie publishes a dispatch from Rome saying that Admiral Canavaro, the Italian commander in Cretan waters, has been ordered to consider Colonel Vassos, who commands the Greek army of occupation in Crete, as a belligerent and no longer to oppose Greek attacks on the Turkish troops there.

FORGETTING IN ATHENS ABOUT THE TURKS.

ATHENS, April 30.—During the last twenty-four hours the Turks have almost been forgotten. Nothing is thought of except the Cabinet crisis. M. Delyannis has countersigned the decree dismissing his Ministry. The new Cabinet is composed equally of members of M. Ralli's party and of followers of M. Trikoupi.

who hold the most important portfolios—War, Foreign Affairs, Finance and the Interior. The final list is as follows: President of the Council of Ministers and Minister of Marine, M. Ralli; Minister of the Interior, M. Theodoris; Minister for Foreign Affairs, M. Skonoudis; Minister of Public Instruction, M. Antaxias; Minister of Justice, M. Triantafyllidis; Minister of Finance, M. Simponidis; Minister of War, Colonel Tosamados.

On the whole, the new Ministry is well received by the newspapers. The Asy observes that the Cabinet has a formidable task, and hopes it will do its duty "without heeding the inconsiderate clamors of the street." The Acropolis expresses the opinion that King George ought to invoke the mediation of Europe in person. The more advanced newspapers term the Ministry the "Royal Defense Cabinet."

At a Cabinet council held to-day it was decided that the Minister of War and the Minister of the Interior should go to Pharsalos to ascertain the state of the Greek forces there. The new Minister of War, before starting, submitted to King George for signature a decree recalling the chief of staff, Colonel Sapountzakis, whom the Delyannis Cabinet, despite its promises, would not recall. Because the Crown Prince had declared that he would consider such a recall a personal affront to himself.

PARIS, April 30.—The Temps urges the new Greek Cabinet to lose no time in recalling Colonel Vassos from Crete and so give Europe what she has been demanding so long in vain. This, the Temps adds, is the best way to prepare for the intervention of Europe, and it will not give Turkey time to form dangerous ideas as to the rearrangement of frontiers. The Temps also demands an immediate armistice.

ROME, April 30.—D. patches received here from Athens say that the new Greek Cabinet has been received coldly, and that the animosity between the populace and the King continues.

MINISTERS TO AID GREEKS.

They Will Help Obtain Funds—400 Patriots Leave Here To-day.

Clergymen of New York, Brooklyn and Philadelphia have joined a movement to aid the Greek cause. An appeal for funds will be read from many pulpits to-morrow. The bankers and treasurers of the American national fund are John Munroe & Co., No. 32 Nassau street, New York, to whose office all money should be sent.

The American national fund has the active co-operation of Mrs. C. A. Poffey, treasurer of the Daughters of the American Revolution, and of Mrs. E. H. G. Johnston of the Hoffman Arms. They have formed a committee with their women, and yesterday placed boxes for contributions in aid of the Greek cause in prominent hotels. Among these hotels are the Plaza, Savoy, Netherland and Murray. A large number of drug stores have consented to give boxes, and the Greek Central Committee has placed boxes in the city.

The American Railway Company will place boxes to be placed at the different stations. The Episcopal Church yesterday sent \$5 to the fund. A large number of surgeons and nurses have offered their services to aid the Greeks, and it is possible that a corps will be organized shortly to go to the scene of action. George F. Briggs, the featured actor, has volunteered to act as assistant secretary of the American National fund.

The Greek who leave here to-day on La Gasconne will number about 400. Among them are ten from Pittsburg, twenty-five from New York, and a number from other places. MOB HISSES THE PRINCESS.

Compels Wife of Constantinian to Seek Refuge in a Hospital.

LONDON, April 30.—The Standard's correspondent at Athens will say to-morrow: "Last evening as the Crown Princess Sophia was returning from a visit to the Ambulance Hospital, which was besieged by the mob, she was forced to seek refuge in the hospital. The royal carriage then was summoned, and the Princess drove to the palace at the top speed of her horses."

"The royal arms have been stripped from the carriages in order that the occupants may drive about unrecognised, and thus avoid similar experiences. As another indication of popular feeling, I may point out that many of the traders who have been wont to display the royal escutcheons in front of their shops have removed these."

While a priest was offering prayers for King George and the royal family, in one of the prominent churches to-day, he was interrupted by protests from the congregation. The riotous mob was arrested, but the disorder was so great that many women fainted."

WHAT THE TURKS SAY.

"Imperial Troops Continue Their Victorious March Forward."

CONSTANTINOPLE, April 30.—The Turkish Government issued the following announcement to-day: "Edhem Pasha telegraphs that the First division occupied Trikkika on Wednesday. Two hundred convicts who were released and armed on the previous day and 20,000 rifles were distributed among the inhabitants by the Greeks who also permitted the release of the convicts. The Turkish commander ordered the arms to be restored under severe penalties."

The Turkish Government also has issued the following announcement: "Far from being repulsed at Velostino (ten miles west of Volo), the imperial troops continue their victorious march forward."

In response to notes from the French, Russian and British Ambassadors the Turkish Government has announced that the expulsion of Greek subjects from Turkish territory is postponed for eight days from May 3. Meanwhile the French and British Ambassadors are continuing to exert their influence in order to protect, and by this act is causing general comment in official circles, as the Porte has not yet received the Russian Ambassador's note.

FLATTERING THE SMALL FRY.

Russia and Austria Pleased by the Balkan States' Attitude.

ST. PETERSBURG, April 30.—Count Muraviev, the Russian Minister for Foreign Affairs, and Count Goltzowski, the Austrian Minister for Foreign Affairs, have dispatched identical notes to the Russian and Austrian representatives at Belgrade, Sofia, Bulgaria; Bucharest, Roumania; and Cetinje, Montenegro, expressing satisfaction at the correct attitude which the governments of those countries present during the present crisis, adding that this attitude harmonizes all in more with the wishes of the sovereigns, the Czar and Emperor Francis Joseph, as they are firmly determined to uphold universal peace.

Severe Earthquake in Guadeloupe.

WASHINGTON, April 30.—The United States Consul at Guadeloupe Island, West Indies, has telegraphed the State Department, under date April 23, from Point a Pitre, as follows: "Severe earthquake; loss heavy; many injuries."

Denied at Washington That England Is Opposed to Annexation.

WASHINGTON, April 30.—There has been no communication from the British Government to the authorities here concerning Hawaii, and the report emanating in Japan that Great Britain had expressed disapproval of Hawaiian annexation to the United States is denied by officials.

A similar denial is made by officials of the Japanese Legation as to the reports that negotiations had been opened between Tokyo and Washington relating to Hawaii. The Japanese Foreign Office has gazetted the promotion of the present Japanese Consul General at Hawaii to the rank of Minister. This gives him larger authority in dealing with diplomatic affairs between Japan and Hawaii.

Guilty of Robbing Congress Library.

WASHINGTON, April 30.—Philip McElhiney, formerly employed in the Congress Library, was found guilty in the Criminal Court to-day of feloniously taking and carrying away from the library certain valuable books and documents. Notice of a motion for a new trial was given. The defendant was subsequently released on \$500 bail.

TARIFF SITUATION

MIXED BY JONES

Nevada Man's Trick of Being

Absent a Nuisance.

NEW TALK ABOUT REVENUE

Proposal Made to Increase the Internal Taxes on Malt Liquors

and Cigarettes.

From the Regular Correspondent of The Press.

WASHINGTON, April 30.—Senator Aldrich is still of the opinion that the Dingley Tariff bill as amended will be ready on Monday for the consideration of the full membership of the Finance Committee. No agreement has been reached as to the time when the bill will be reported to the Senate, but notwithstanding all the Democratic threats heard, it is not believed there will be any serious delay.

Senator Jones of Nevada, is the uncertain quantity, and he is mixing the situation considerably. He was not at the conference called yesterday to map out the committee's programme. This made the Republicans uneasy. Jones has the trick of absenting himself at awkward times from the Senate, and as chairman of the Committee on Finance, his absence has caused much trouble. No expenditure of money from the contingent fund can receive official sanction until the approval of Jones has been obtained. Supplies cannot be purchased nor, in fact, can any of the necessities for the comfort or assistance of the Senate be procured without Jones's signature. In one instance last session it took six weeks to run Jones down so that a typewriter could be bought.

JONES'S QUEER TRICK.

Why Jones does this is an enigma; but he does it often. He has been wanted all this month to report a resolution authorizing an extra appointment in one of the State offices, but he has successfully avoided every effort to find him. At his hotel the clerks will send up cards, but invariably the word is returned that Senator Jones is "not in."

When Jones's private secretary is found, that faithful man explains that Mr. Jones is out of the city or that he will be back to-morrow. When to-morrow comes, Jones is still invisible for business, but all the time in easy communication for any form of light entertainment in his room.

Should Jones of Nevada apply these dilatory tactics to the Finance Committee there would be no objection. His vote is necessary to report the Dingley tariff bill to the Senate. He has demanded the highest rates on sugar and molasses, and the repeal of the Hawaiian reciprocity treaty. By simply staying away from the committee the Republican Senators would have to come after Jones and make terms with him.

NEW TAXES PROPOSED.

There are all sorts of rumors as to what the sub-committee is doing in secret. The California Senators are pressing for the repeal of the Hawaiian treaty by a clause in the bill, but they have been able to make

nothing of it. The bill is still in the hands of the Finance Committee.

A COUNTRY DANCE.

The Frolics of the "Red Bird"

and the "Blue Jay."

THE GOOD OLD TIMES.

"The red bird balance and the black bird

swing; blue jay in the middle and others

in a ring!"

"Ra-ta-ta-ta-rara!"

The old darkey in the corner bobs his grey head and stamps his foot and awes away on three strings of a cracked fiddle. The small man with a big voice stands on a chair and shouts the quaint calls of the backwoods dance. The "Red Bird" is the pretty blonde, with glowing cheeks and a bright magenta dress. The country "quadrille-caller" is permitted considerable poetical license, and indicates the different

positions of the dancers by means of a few words and a few gestures.
